

KUFA® KY SERIES LOW PROFILE CASTING REELS

The newest addition to the Kufa line up of quality products is their low profile bait caster. The sleek teardrop style reel features a wide range of performance options to enhance your angling experience.

Complete graphite construction guarantees light weight, rugged toughness and corrosion resistance. This little beauty is equipped with a two drag system, a flipping switch and a contour- cast thumbbar free spool lever. There's an easy access side panel and a powerful 5.1:1 gear ratio with an extreme range of highly responsive magnetic casting controls.

Available in right or left hand retrieve, this smooth 4+1 ball bearing reel with aluminum spool will do nothing short of maximizing your angling arsenal.
